Jaelyn Lee (Jia Lin)

jlee.mba2027@london.edu +1 971 846 8676 https://www.linkedin.com/in/jaelyn-lee-776aa0141

EDUCATION

2025 – 2027 **London Business School, United Kingdom**
Master of Business Administration
GMAT (Focus Edition) Score: 695 (97th percentile) – equivalent to 740-750 in the GMAT 10th Edition

2017 – 2021 **Singapore Management University, Singapore**
Bachelor of Accountancy, 2nd Major in Finance (Specialized in Analytics)
Awards: Summa Cum Laude (Highest Distinction), Global Impact Scholarship Award
Other Certificates: CFA Level 1, WILEY Certified Data Analyst

BUSINESS EXPERIENCE

2026 – 2026 **BRIDGEHILL PARTNERS, United Kingdom**
Private Equity Summer Associate

- Developed the APAC growth strategy for a data center infrastructure services portfolio company, defining the required in-region functions, GTM motion and sales coverage to support accelerated growth
- Evaluated prospective bolt-on acquisition opportunities in the sound attenuation space – including a commercial due diligence for an onshore power operator, drafting an indicative Heads of Terms covering the target deal structure and management incentives / earn-out plan.
- Led the PMO for a portfolio company's CRM implementation, migrating manual sales data into a centralized platform by redesigning user journeys, database architecture and management dashboard

2026 – 2026 **ETHOS AI, United Kingdom**
Special Projects Associate

- Own daily KPI for training data quality assurance (e.g., review accuracy and throughput), escalating at-risk workstreams to hold output quality consistent across a 10,000 data expert workforce
- Built the training playbook and onboarding program for new QA leads, codifying review standards, worked examples and benchmark rubrics to ramp hires to independent sign-off

2025 – 2026 **WILD TREE VENTURES, United States (Remote)**
Venture Capital Investor (Fellowship)

- Spearheaded independent deal sourcing across pre-seed to Series A startups addressing demographic-driven challenges (e.g., healthcare, climate) by being the primary point of contact with founders, prioritizing high-conviction opportunities, and directly advancing deals to general partners (GPs)
- Supported end-to-end due diligence alongside GPs through market assessment, customer discovery, and financial evaluation, translating into investment memos for investment committee meetings

2025 – 2025 **BOSTON CONSULTING GROUP (BCG), Singapore**
Consultant

Investment & Business Case Development

- Built a bottom-up investment business case to establish a regional tech delivery centre for a regional bank, sizing the migration population through role-level activity mapping, utilization analysis, and cost-to-serve benchmarking, supporting a ~$50Mn 5-year revenue uplift
- Conducted organizational rightsizing for a telco's enterprise sales team by analysing account coverage economics and sales productivity, resulting in a 25–30% workforce simplification target

Value Creation & Business Transformation

- Designed a fixed broadband enterprise product portfolio for an Indonesian telco, using competitive benchmarking to optimize pricing tiers, package specifications, and bundling strategies
- Launched sales excellence and churn reduction programs across 350+ sub-districts for an Indonesian telco, deploying GTM tools, dashboard, and scorecards to facilitate data-driven strategy decisions; achieved a 2–3% sales revenue uplift and 10% churn reduction over 6 months

Corporate Strategy & Planning

- Partnered with C-suite executives to design the strategic vision and execution roadmap for an integrated wealth model for a regional bank, driving alignment on transformation priorities
- Formulated a 20-year vision and strategy for an ASEAN economic organization, covering topics on integrated value chains, US-China disputes, and the Middle East as a rising economy

ADDITIONAL INFORMATION

- Fluent in Mandarin and English
- Eligible for H1B1 visa in the US – exempt from the US$100K payment
- Mentored student consulting teams in delivering pro bono projects on senior education redesign, bursary program benchmarking, and other community-focused initiatives
